Solar Asia

Solar energy is a clean and renewable source of power, emitting no greenhouse gases or harmful pollutants during operation. By investing in solar panels, Pakistan can reduce its reliance on fossil fuels, mitigating the adverse effects of climate change and air pollution. Since Pakistan receives loads of sunlight daily, the solar power industry has immense growth potential. The importance of solar energy in Pakistan also depends on the benefits of solar energy. Pakistan has already been facing a severe energy crisis for the past several years due to industrial development and population growth, and solar energy can actually help address this gap in the energy supply.

POWER & ALTERNATIVE ENERGY ASIA

aims to provide a platform to International and Local industry players from the Global Solar & Power Industry to meet and share knowledge and products for this burgeoning sector in Pakistan. A key platform for the public and private sectors to make deals, build partnerships, exploring & review latest sources of power energy & solar energy saving technologies, power generation, transmission and distribution, learn about current and future projects in the region and market needs, and explore opportunities to take part in solar-energy projects and programs.

ENGINEERING ASIA

Engineering Asia International Exhibition aims at developing and promoting every sphere of engineering sector in Pakistan through inter / intra industrial cooperation and joint ventures among local and foreign partners. Engineering Asia aims to focus on the immense potential of heavy / light engineering machinery, accessories, raw material supplies and allied services under one roof. Engineering Asia is based on the aspiration that only a strong well-built and efficient engineering system can help achieving a self-reliant and self-sustaining economy through better management of industrial sector environment.

MACHINE TOOLS & HARDWARE ASIA

The Machine Tools & Hardware Asia International trade exhibition will provide the updates on industry trends and in depth knowledge on the latest new innovations and products. More importantly, it will focus on applications and solutions for factories, residential commercial and industrial sectors as well as construction, fabrication and technical industries. This is a significant exhibition supporting the key industries to develop sustainably, namely construction, automobile, road, shipbuilding, aerospace, woodworking, retail etc with a series of commercial connection activities between sellers and buyers.

AUTO, TRANSPORT & LOGISTICS ASIA

incorporating **Electrical Vehicle Asia**

Auto Show provides the most informative detail of automotive trade shows including automobile shows, auto ancillary parts exhibitions, commercial vehicles trade shows, automobile lubricants, auto accessories spare parts & equipment. It will also bring new opportunities for companies to showcase manufacturing solutions, technology and infrastructure related to efficient power conversion systems. This includes electric/hybrid Cars, Buses, Bikes & Tri-wheelers and components, battery management systems, monitoring & control equipment and charging stations.

MINES MINERALS & METAL ASIA

Mines, Minerals & Metal Asia It is one of the most significant events in the Pakistan, Exhibits at Mine, Minerals & Metal will include machinery, equipment, materials, products, technology, consultancy services, management capability and financial expertise for Pakistan's mining sector, also for supporting infrastructure including building and construction, transport and communications, power and electricity, water and environment.

FLUIDPUMP ASIA

Fluid machinery, which mainly includes pump, valve, pipeline, air blower, compressor, filtration and separation equipment, vacuum equipment, purification equipment etc, is the core of universal machinery industry. The Fluid Machinery Exhibition in order to strengthen the extensive communication and cooperation between fluid machinery manufacturers and their customers, to enhance overseas market, to eliminate backward products and improve technology. Manufacturers and customers of fluid machinery both from Local and International are welcomed to pump valve and fluid machinery Expo which will be the best platform for you to enhance market and to seek business opportunities.

OIL & GAS ASIA

The oil & gas sector of Pakistan has been identified as the key player in the growth of the economy by the Government and is expected to grow further by promoting investment activities in the country. The government is providing an investment friendly environment to attract the local and foreign investors to the oil & gas sector. As a result of these financial and structural reforms, this sector has already emerged as one of the most attractive sectors for investment in the country.

EXHIBIT PROFILE:

Solar Asia

- Cell And Module Encapsulation
- Crystal Growth Equipment
- Diffusion Furnaces
- Laminators
- Mounting Systems
- Concentrators
- Trackers and Collectors
- Wire Saws and Consumables
- Silicon Feedstock, Ingot and Wafer Manufacturing
- Photovoltaic (PV) Modules, Hybrid Systems, Materials and Equipment
- Inverters, Charge Controllers, Batteries and Module Connectors
- Street Lighting and Poles
- Heat-Exchange and Recovery Equipment
- Solar Cell Manufacturers
- Solar Drying and Desalination Systems

Power & Alternative Energy Asia

- Alternative Energy Systems
- Automation Control System
- Boilers Auxiliary Equipment
- Cables Cable Accessories
- Electric Drives / Electric Motors
- Electro-technical Equipment
- Generators: Hydro / Turbo / Gas / Diesel
- Heat-exchange Recovery Equipment
- Independent Power Producers
- Industrial Power Engineering
- Nuclear Power Generation
- Onshore / Offshore Power Generation
- Power Generation Installation Equipment
- Power Transmission Distribution Eqpt
- Process Control Process Automation
- Stand-alone Sources of Energy

- Steam Turbines, Electric-power, Combined-cycle and Gas-turbine Units
- Street Lighting Poles
- Switchgear Products, Low Med Voltage
- Technologies of Energy Saving Efficiency
- UPS and Related Power Supply Systems

Engineering Asia

- CNC Wire Cut, EDM/ECM, FMC/FMS
- Boring, Broaching, Deburring, Drilling
- Cutting Tools/Inserts, Gear Cutting, Filing
- Lathes, Milling, Planing, Shaping, Turning
- Special Purpose Machines & Unit Heads
- Threading, Sawing, Tapping, Grinding
- Screw Cutting, Slotting, Honing
- Laser Cutting, Notching, Punching
- Shearing, Stamping, Water-jet Cutting
- Wire and Tube Forming, Roll Forming
- Forging, Bending, Drawing, Riveting
- Die Sets, Die Cast Moulds, Mould Bases
- Graphite, Pins, Mould Repairs
- Special Steels / Tool Steels
- Manual ARC-welding Equipment
- Spot / Stud / Arc Welding Equipment
- Gas Cutting, Fume Extraction System
- Welding Flux & other Consumables
- Plasma Cutting Equipment
- Fastening Systems
- Safety & Security Equipment & Systems
- Sales & After Sales Service Industry

Machine Tools & Hardware Asia

- Sheet metal blanking, punching machines
- Sheet metal cutting machines
- Sheet metal fanning machines
- Sheet working cells and systems
- Specialised metal forming processes & machines
- Welding machines for plastics
- Wire forming machines
- Abrasive and polishing tools

- Attachments accessories & sub-systems
- Automation for storage & transport
- Components for robotics & automation
- Controls, drives and systems
- Cutting tools/Dies & moulds
- Electrical & electronic equipment

Auto Transport & logistic Asia

- Sedan Cars, Sports Cars, Racing Cars
- Jeeps, Wagons, Vans
- Trucks, Buses, Trailers
- Long Vehicles, Tankers, Tractors
- Ambulances, Armoured Vehicles
- Vehicle Lifters, Fire Tenders,
- Auto Rickshaws
- Motor Cycles & Scooters
- Vehicles for Special People
- Environment Friendly Vehicles
- CNG Conversion Systems
- CNG Kit Manufacturers/CNG Vehicles

Electrical Vehicle Asia

- Electronics & Electric
- EV, HV & FCV Technology
- Automotive Lightweight Technologies
- Telematics & Information Technologies(IT)
- Automotive Processing Technology
- Technologies for Mobility as a Service (MaaS)
- ADAS Technologies
- Battery and Charger
- Automotive Components
- Software Technologies
- Testing & simulation
- Other Part & Materials

Mines Minerals & Metal Asia

- Communication System & Technology
- Conveyor Belting & Components
- Cranes, Forklift & Trucks
- Earth Moving Equipment and accessories

- Mines Safety Equipment
- Process Control Systems
- Rock Drilling Equipment
- Locomotives, Lubricants & Greases
- Environment & Geology and Mining Related Services/Fans and Dust Collectors

Fluidpump Asia

- Thermal Power / Nuclear Power
- Water Treatment/ Water Purification
- Sewage Treatment
- Environmental Protection
- Industrial Pollution Control Engineering
- Construction, water supply and drainage
- Ventilation
- Air conditioning
- Fire fighting/Gas
- Heating, swimming pools
- Sanitary engineering
- Municipal,
- Water supply for Gas
- Heating/Sewage
- Flood control,
- Water features
- Design institutes
- Engineering companies
- Installation companies

Oil & Gas Asia

- Oil and Gas processing equipment
- Oil Field Supplies & Services
- Pipeline Engineering
- Pipeline Laying, Cleaning & Inspection
- Pipes, Casting & Tubing
- Refinery Technology & Equipment
- Safety & Security Equipment & Systems
- Sales & After Sales Service Industry
- Storage Equipment & Tanks Fabrication
- Tanks and storage fabrications
- Testing Equipment
- Transportation & Forwarding
- Valves, Well Head & Fittings
- Waste Disposal & Treatment
- Welding Equipment
- Well Control, Testing & Services

Shell Scheme Stalls

Min 9 sqm (3mx3m) space US\$350 per sqm

Includes: One Octonorm shell, one information counter, two chairs, 3 spotlights 100 watts (each), company's name on fascia, carpeting, 1 power socket -single phase 20 volts (50Hz), 5 amp.

Bare Space inside Halls

Min 18 sqm (6mx3m) space US\$300 per sqm.

Includes: Space plus 1 power socket, single-phase 220 volts (50 Hz) 5amp only. Exhibitors are required to build their own stands through the official stand contractors or their own contractors.

****15% VAT is applicable on all booth rates****

Owner & Organizer

Ecommerce Gateway Pakistan (Pvt) Ltd. Pakistan Biggest & Largest Trade Fair Organizers

8, Kokan Society, Dr. Azhar Hussain Road, Near Kokan Park off: Shaheed-e-Millat Road, Karachi-74000, Pakistan.
